

# Sample FOCUS Goal Summaries

---

## PROJECT FOCUS

1. Grace and Truth Church will partner with Word for All agency to help reach the nomadic Tuareg people through the recording, producing, distributing, and follow-up of MP3 players that contain programs with practical animal husbandry messages and key Bible stories. Our goal is within the next 3 years to see players in the hands of 50 Tuareg extended families and 25 new relationships formed which can be bridges for sharing Christ.
2. Brisbane Bible Church will partner with the International Fellowship of Evangelical Students to sponsor evangelistic events and an interactive website targeting students in every university in Hsinchu, Taiwan. Goal: In 2 years to triple the number of students in Hsinchu who are in personal contact with the IFES workers and to see 50 students make a decision for Christ by the end of that time.

## MISSIONARY CENTERED FOCUS

1. Eternal Light Fellowship will partner with the P family, businesspeople from our congregation living in the Middle East, to launch two financially viable businesses within the next 4 years that will provide employment for at least 25 nationals and be environments in which believers are being disciplined and unbelievers can safely hear the gospel.
2. Pebble Creek Church will partner with our missionaries Jim and Martha and their coworkers in Cameroon to support the establishment of 20 new congregations, three training centers, and three community health centers within the next 10 years.

## PEOPLE FOCUS

1. Calvary Community Church has adopted the Hui people of China and will pray and work to see a strong church movement established among this people, particularly those living in the county where our workers live. Within the next four years, we want to field 5 long-term workers and send at least 3 short-term individuals/teams per year. We will seek meaningful ways to multiply the number of Han Chinese workers serving alongside our expat workers and encourage their ministries in practical ways.
2. Trinity Church will seek to expand the Kingdom of God among the prostitutes of Bangkok by partnering with others in establishing, supporting, and staffing safe houses, and in providing literacy and vocational training centers for those rescued. Our goal is to double the current number of women rescued annually and to see each one provided with a viable alternative for supporting herself (and her family, if she has children).

## SISTER-CHURCH FOCUS

1. Grace Community Church will partner for 3 years with the 5 churches of our denomination in Riga, Latvia, in order to help them reach their goals of developing qualified elders, launching effective youth ministry, and reaching out to the homeless of their city.
2. Mountainview Church and Iglesia El Paso will partner to establish a permanent Christian presence among one of the unreached Bedouin people groups of Algeria. Within the next 3 years, we will seek to field a long-term team of workers comprised of members of both congregations supported by multiple short-term workers and strong prayer and care support from both churches.
